NOTE: A Federal Migratory Bird Eagle Parts and Feathers Request Form will authorize Native Americans to use eagles, parts, and feathers for religious and cultural purposes, including healing, marriage, and naming ceremonies. Recognizing the significance of eagles to Native Americans, the U.S. Fish and Wildlife Service (Service) established the National Eagle Repository (Repository) in the early 1970s to provide Native Americans with the eagles, parts, and feathers of Golden and Bald eagles for religious purposes.

Applicants should review Title 50 Parts 10, 13, 22.60 of the Code of Federal Regulations (CFR), Morton Policy, DOJ Eagle Feather Policy, and the Bald and Golden Eagle Protection Act. Applicants are responsible for reviewing and understanding these regulations before requesting and accepting a permit. Please read "[Frequently Asked Questions](#)" and the pertinent regulations before signing and submit the application. Please provide the information requested below. If additional information needs to be provided that does not fit in the designated spaces, add additional sheets to your application submission. You may use as many additional sheets as needed. Please number pages accordingly using the page number box provided at the bottom of the sheet, and the corresponding question number.
